Hammonton, "The Hub of South Jersey," is located half way between Philadelphia and Atlantic City on both the Pennsylvania Railroad and the Reading Railroad. There are many express trains direct to both points as well as direct service to New York. We extend to you a cordial welcome to a visit any time of the year. Time tables will be sent on request and it will be a pleasure to meet you at the station. Our Nursery is just two and a half miles from the depot.

To Motorists

The extensive "White Horse Pike," a concrete road in direct line from Philadelphia to Atlantic City will bring you within one half mile of our place. Ask any traffic officer or resident when reaching Hammonton and they will gladly direct you to our Nursery.

HAMMONTON, (population 8,000) located in Atlantic County, thirty miles from Atlantic City, the great seashore resort which earned the title of "The Playground of the World," is located directly on that great artery of traffic, the White Horse Pike, which is known to millions of motorists, from every State in the Union as "The Peerless Highway from the Delaware to the Sea."

HAMMONTON is the geographical centre of Southern New Jersey, which section as often been referred to as "The Florida of the North."

HAMMONTON itself uses as its slogan, "The Hub of South Jersey," and around the hub revolves some of the leading industries of the State, and New Jersey ranks third in that respect of the forty eight States making up this glorious Union of ours.

HAMMONTON itself frequently has been spoken of as "A Town of Fruit and Flowers," and well deserves that appellation. Nowhere are better fruits and berries grown, especially as regards that luscious fruit the peach. "Hammonton, the Heart of the Jersey Peach Belt" is a saying oft heard from the lips of the leading commission merchants of New York City, Newark, Boston, Philadelphia, Baltimore and Pittsburgh, to which cities millions of dollars worth of products of Hammonton peach orchards have been shipped.

It is also one of the greatest flower growing sections in the country, the beautiful Dahlia having been first raised here as a commercial proposition, and that industry today being one of the leading ones of Hammonton. In Hammonton, due to its climate, for despite its title of "Florida of the North," it knows, too, the cold snaps of winter, and yet these but enhance the value of its products, for they are hardier, and better, because of these visits at times from Jack Frost.

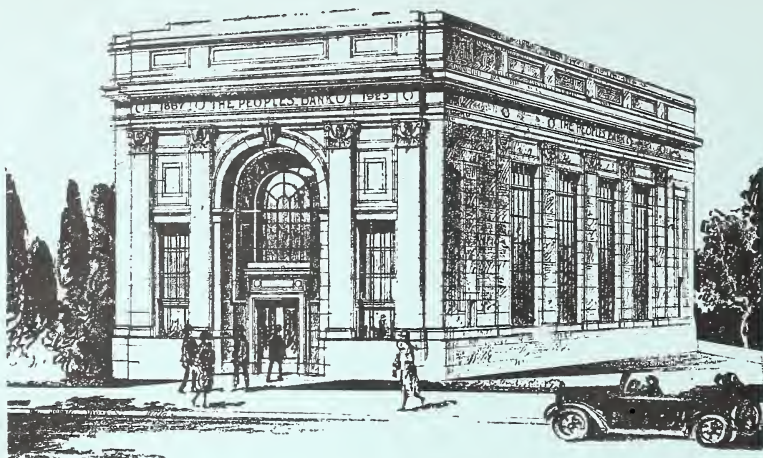

One of the most magnificent sights which greets the eyes of motorists from all parts of the world as they pass through Hammonton, are its dahlia fields, and those of Shady Lawn Nursery are by all means far in the lead of all others. Millions of blooms, of every shade in the rainbow, and every conceivable shade, tossing in the winds, make a sight so magnificent that once seen it never leaves the memory, but ever remains, a pleasant recollection.

Our New Grape "Champagne" Bring California to your door! A grape as good and some say better than the famous Muscatel of California. Large luscious fruit of a flavor all its own. One of those "the more you eat the more you want" kind. A home grape—not a shipper. That circle you see in the center picture depicts a five cent piece. Some size to that fruit! Isn't that bunch on the left a beauty? Well you can beat that all hollow with a little care. And the plants are laden down with these beautiful coppery red clusters, ripening the latter part of August. This is another one of those Hammonton introductions as that world-renowned St. Regis raspberry. **Strong 2 yr. plants \$3.00 per 10 — \$25.00 per 100.**

An Ideal Show Type Dahlia

Kissimmee. (Colossal Ball.) A marvelously colored variety, that, for absolute perfection, is in a class by itself. The form is perfect, with a full high center, while the giant petals reflex to the stem. The flowers are borne facing on long stiff stems well above the foliage. Color a wonderful blending yellow, gold and ochre, reflex pale amaranth pink. As the petals are cupped or partially quilled, the color effect is most effective. For exhibition, the garden or for cutting, it is the best of its class

WHY THEY WERE SUCCESSFUL

Because they were cheerful when it was difficult to be cheerful, and patient when it was difficult to be patient: and they pushed on when they wanted to stand still, and kept silent when they wanted to talk, and be agreeable when they wanted to be disagreeable. That was all.

THE THREE GATES

If you are tempted to reveal
 A tale someone to you has told
 About another, make it pass
 Before you speak, three gates of gold.
 Three narrow gates, first is it true;
 Then is it needful in your mind
 Give truthful answer, and the next
 Is last and narrowest, it is kind;
 And to reach your lips at last
 It passes through these gates three.
 Then thou may tell and never fear
 What the result of speech may be.

How Ship? Read!

It has been customary to have shipments travel parcel post owing to the former gain in rates over that of express. We give the following for comparison:

Denver, Colo., 25 lb., \$1.65 by express, \$50 free insurance

By parcel post, 25 lbs., \$2.51 No insurance

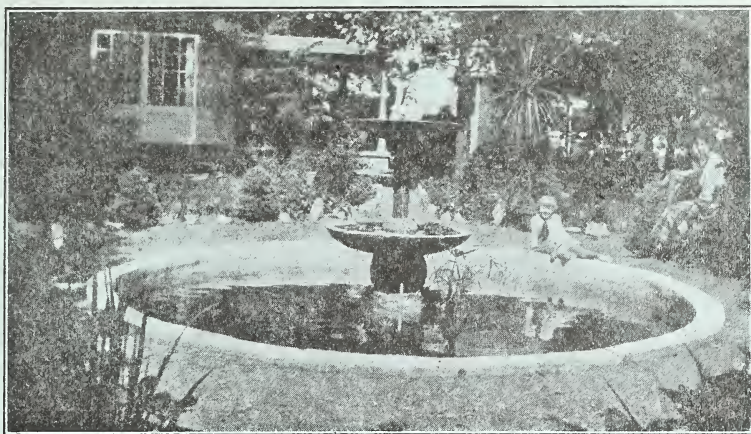

Richmond, Va., 25 lbs., 65c by express, \$50 free insurance

By parcel post, 25 lbs., 54c No insurance

Boston, Mass., 25 lbs., 61c express, \$50 free insurance

By parcel post, 25 lbs., 54c No insurance

This is merely made for your benefit as we wish you to receive the goods at the lowest possible costs. On local shipments within a few miles you will find parcel post a saving.

OUR POLICY

We do not sell to Jobbers or Department stores.

It is our aim that we supply those that grow direct for the purpose of growing plants or flowers to sell, or dealers that supply the trade.

MEN ARE FOUR

He who knows, and knows he knows is wise. Follow him.

He who knows and knows not he knows. He is asleep, wake him.

He who knows not, and knows not he knows not. He is a fool—Shum him.

He who knows not and knows he knows not. He is a child.—Teach him.

Do you pause long enough to praise instead of condemn and to see good instead of fault in others' words and acts?

Go straight on in your own way, and the nobodies, the mere talkers, will get out of your way.

For yesterday was but a dream. Tomorrow only a vision. Though today well lived makes every yesterday a dream of happiness and every to-morrow a vision of hope. Live well therefore, this day.

Note—U. S. Federal Inspection

It is our custom to have Federal Inspectors, during shipping season, look over and carefully inspect our stock daily. All shipments undergo a rigid test. All stock so passed is labeled with the U. S. Dept. of Quarantine certificate.
